I'm Your Good Friend

Music:Edison

Lyrics:George Cockle/Mark Cass

I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself
I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself

I've heard your story
How your love is gone forever
Turn back the pages
You'll find it's not over

You can say what you want
It's not true what you say
Just one thing I can say
Don't lie to yourself

I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself
I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself

You see a new world
When you gain little distance
You'll have to let go
All the lies that you cling to

You can say what you want
It's not true what you say
Just one thing I can say
Don't lie to yourself

I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself
I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself

You see a new world
When you gain little distance
You'll have to let go
All the lies that you cling to

I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself
I'm your good friend
You can tell me lies
I'm your good friend
You say so yourself
