

Gyro Compass / Hoopers

One And The Same

Music:Willie Nakaox

Lyrics:George Cockle

Going insane
With my morning food delight
Taste like the rain
Luke warm champagne from last night
Love is a game
Got to find a way to play
One and the same
Until she goes away

Never again
I made a promise to myself
Nothing to gain
Living my life on a shelf
All love's in vain
I once heard some people say
Tears through your brain
Whenever love comes to stay
Oh when you fall in love

Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
One and the same to fall in love

Blowing my veins
Palpitations in my heart
Forgo the pain
Let my blood rip it apart
Give me the chains
It may be invigorating
I'll entertain
Whatever love may bring
Oh when you fall in love

Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
One and the same to fall in love

(Inst)

Love is a game
Got to find a way to play
One and the same
Until she goes away
Oh when you fall in love

Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
Walk city in moonlight
Walk city in midnight, moonlight
One and the same to fall in love
