

世界の街道をゆく Sekai No Kaido Wo Iku / Nobuhiko Shinohara

**Perfect Lady**

Music:Nobuhiko Shinohara

Lyrics:George Cockle

Wrote a letter  
While you slept  
It's a coward's  
Way to say  
Our love is over  
Over  
While the perfect lady slumbers

It was autumn  
We first met  
Now the summers  
On it's way  
The road is calling  
Me home  
While my perfect lady slumbers

\*

Does it matter  
We've lost our way?  
You will find another baby  
And have no regrets

\*\*

I'll be gone  
In the dead of the night  
I will have another baby  
Help speed it along

I'll be gone  
'For all the leaves start falling down  
You won't find me by your side  
'For all the leaves start falling down  
I'll be long gone on my way  
My other love calls to me  
I ask you lovely lady should I stay?  
See the road is my other love  
I should be far along but still today  
I stay

I cannot say  
I'll be here  
Till forever  
Here with you  
My love is calling  
Me on  
Still my perfect lady slumbers

When you waken  
One summer's day  
Wiping the sleep from your eyes  
You'll find this letter  
So old  
Does my perfect lady slumber?

I'll be gone  
'For all the leaves start falling down  
You won't find me by your side  
'For all the leaves start falling down  
I'll be long gone on my way  
My other love calls to me  
I ask you lovely lady should I stay?  
See the road is my other love  
I ask you lovely lady should I stay?  
See the road is my other love  
I ask you lovely lady should I stay?  
See the road is my other love  
I should be far along but still today  
I stay
