

Feelin' This Way / Kai

Say Goodbye

Music:Hiroshi Nakamura

Lyrics:George Cockle

Everybody says
We look great together
And everybody says
We are birds of a feather
That story's only half been told
You see
Anyway

When the sun sets
On the waterfront
And it is a dog watch
Under saffron skies
You'll find us sitting by the sea

Set the sails
Watch the boom swinging over
Come and take the wheel
Cabin's warm if you're cold outside

We'll catch the wind
With you b'sides me always
Skip into the night
Making love on the quarterdeck

Oh why don't you
Come take the halyard
We'll sleep through the day
Watch the marlin spike
And gaze at starboard skies

Feel the water, babe
On the water, babe
See the sunset, babe
Say goodbye
Fell the water, babe
And say goodbye

Everybody says
"You were born in this town"
And everybody says
We should live here forever
That story's only half been told
You see
Anyway

Sing me on back
With a windward tack
And a thousand leagues
On this ocean breeze
Who'll find us when we're out to sea?

Set the sails
Watch the boom swinging over
Come and take the wheel
Cabin's warm if you're cold outside

We'll catch the wind
With you b'sides me always
Skip into the night
Making love on the quarterdeck

Oh why don't you
Come take the halyard
We'll sleep through the day
Watch the marlin spike
And gaze at starboard skies

We'll catch the wind
With you b'sides me always
Skip into the night
Making love on the quarterdeck

Oh why don't you
Come take the halyard
We'll sleep through the day
Watch the marlin spike
And gaze at starboard skies

Feel the water, babe
On the water, babe
See the sunset, babe
Say goodbye
Fell the water, babe
And say goodbye

Feel the water, babe
On the water, babe
See the sunset, babe
Say goodbye
Fell the water, babe
And say goodbye
