Talk To Me

Music:Edison

Lyrics:George Cockle

You gave me reason to wonder
Why the rains bring the thunder
And the seas can take you under
Won't you talk to me

You gave me reason to wonder
Why the rains bring the thunder
And the seas can take you under
Won't you talk to me

Find me under crimson evening sky
In nick of time to watch the seabirds soar
Show me what it's like to fly so high
You can find me here below

Catch the smell of rain of hot concrete
I'm walking easy under neon dawn
I'm window shopping for a point of view
Awash and soaked by the rain

You gave me reason to wonder
Why the rains bring the thunder
And the seas can take you under
Won't you talk to me

Somewhere out there on a distant shore
You know that lighting must have found a home
And out at sea a ship will fight the storm
Compass set homeward bound

Approaching storm will play a symphony
With distant clouds blown in by the wind
Playing the music which has no sound
The rhythm of the waves

You gave me reason to wonder
Why the rains bring the thunder
And the seas can take you under

Won't you talk to me

You gave me reason to wonder
Why the rains bring the thunder
And the seas can take you under
Won't you talk to me
