Thank You Baby

Music:Edison

Lyrics:George Cockle/Mark Cass

No one sent a warning
You came and turned my winter to spring
No one sent a warning, warning
Who knows what the future will bring

All on my own
Just feeling blue
When you came along at the right time
Let go the past
The world stands still
Let this moment last for a lifetime

Should I tell him now I've never had a lover
Who made me feel like I can walk on water
And there's one thing I can't keep inside
When its time for me to speak my mind

I just want to tell you one more time
Thank you baby!
I just want to tell you one more time
Thank you baby!

Am I only dreaming?
What I feel is too good to be true
I'm not only dreaming, dreaming
When all I see are visions of you

I'll close my eyes
I'll count to ten
And daylight will find us together
And day by day
Our love still grows
Pray that this will go on forever

Should I tell him now I've never had a lover
Who made me feel like I can walk on water
And there's one thing I can't keep inside
When its time for me to speak my mind

I just want to tell you one more time
Thank you baby!
I just want to tell you one more time
Thank you baby!

Thank you baby
Thank you baby
